'Bespoke Consignment' meaning anything which is outside of a standard parcel or pallet dimension and/or requiring specialised conditions of carriage including:

- time sensitive shipments (e.g. within 24 hrs),
- substances of human origin (e.g. blood, cell cultures, human tissues and organs),
- hazardous materials — being any item or agent (biological, chemical, radiological and/or physical) which has the potential to cause harm to humans, animals or the environment, either by itself or through interaction with other factors (such as but not limited to: medical gases, radioactive isotopes and flammable liquids),
- oversize products,
- vehicle movements, and
- containerised lift on/lift off (LoLo) services.

And on request by the Authority, increase or decrease volume of assured capacity by +/- 50 % (up to a maximum of 15 m³) from the assured capacity as agreed at the date of request, within 24 hrs of receiving written notice from the Authority.
